PUPIL OVERVIEW

Your Challenge is to explore Skull Island and find the 8 phones and unlock the collectible. The Challenge is about **effective communication**. Venture owners communicate with many people such as sales teams; marketing; advertisers; customers; suppliers; web designers; other directors; market leaders; branding, and; stakeholders. People typically think of communication as speaking, but **effective communication involves speaking and listening**.

Effective communication is like a radio or smart phone, speaking is like transmitting and listening is like being on 'receive'. **Effective communication involves two actions; active listening and paraphrasing**. Active listening is about letting the other person speak and listening to what they say. Paraphrasing is a way to **check the meaning and make sure the message is understood**. Effective communicators use their ears and mouths in the ratio 2:1 and focus on active listening and paraphrasing.

The Zeeko Creative Problem Solving Process is (i) a way to come up with ideas to solve a challenge, and (ii) a way to check if the ideas are good or bad and why they might be good or bad. The word for **coming up with ideas is called ideate**. The word to **check if ideas are good or bad is called evaluate**. Remember Bruce's Barber Shop, and Bruce's automatic scissor, that was a wild idea. There are 3 tricks to help create new ways to do jobs for customers:

- **Build on the ideas of others** with active listening and paraphrasing.
- **Defer evaluation**, don't think/say if the idea of your classmate is good or bad.
- **Aim for loads of ideas**, like loads of stars in the aerial shell of a firework.
