Subject: Enhancing Student Focus: Introducing the Zeeko Phone Blocking System

Dear Parents/Guardians,

We are excited to introduce the **Zeeko Phone Blocking System** in our school as part of our commitment to fostering a focused and engaging learning environment. We understand that mobile phones play a significant role in students' lives; however, we also recognise the need to create distraction-free learning spaces that support academic success and overall well-being.

What is the Zeeko Phone Blocking System?

The Zeeko Phone Blocking System provides students with **secure, signal-blocking pouches** where they can store their mobile phones during school hours. This ensures they can keep their phones safe while remaining fully present in lessons and school activities. The system helps to minimise distractions, reduce screen time, and enhance student engagement.

Benefits for Your Child

By implementing the Zeeko Phone Blocking System, we aim to:

- **Improve focus and academic performance** by eliminating distractions during lessons.
- **Promote healthier digital habits** and reduce dependence on mobile devices.
- **Enhance classroom engagement** and encourage face-to-face social interactions.
- **Minimise potential conflicts** between students and teachers regarding phone use.
- **Support student well-being** by fostering a balanced approach to technology use.

What We Expect from Students

To ensure the success of this initiative, we expect all students to:

- **Place their mobile phones in the Blocking pouch** upon arrival at school.
- **Keep their pouch with them throughout the school day** (phones remain inaccessible but secure).
- **Unlock their pouches at designated stations** at the end of the school day.
- **Adhere to the school's mobile phone policy** and respect the guidelines set to enhance learning.

How Can Parents Support This Initiative?

We greatly appreciate your support in reinforcing the importance of this system. You can help by:

- Encouraging your child to comply with the new phone policy.
- Discussing the benefits of reducing screen time during school hours.
- Reminding them that they can still access their phones before and after school.
- Contacting the school office in case of urgent communication during the day.

We believe that this initiative will positively impact our students' learning experience and overall school environment. If you have any questions or concerns, please do not hesitate to contact us.

Thank you for your cooperation in making our school a more focused and engaging place for all students.

Best regards,
